

St. Maarten Medical Center

VACANCY: *Gynecologist*

St. Maarten Medical Center (SMMC) is an ambitious and growing hospital organization on St. Maarten. With more than 425 FTE's, 28 Specialists and a capacity of 80 beds, we continuously strive to ensure safe, quality health care. Our primary service area of St. Maarten, Statia and Saba, represents a total population of approximately 60.000 people, constituting a multi-cultural mix with more than 100 different nationalities. In addition, we also offer health care services to the two million visitors annually. SMMC is constructing the new St. Maarten General Hospital (SMGH) to expand its services in order to accommodate the increased care demand of the people of St. Maarten, its visitors and neighboring islands. The new hospital is planned to be operational in 2026.

Your Profile:

We are seeking a dedicated and well-rounded **Gynecologist** to provide high-quality care. In this role, you will be responsible for a broad range of obstetric and gynecological services to ensure comprehensive patient care. We are seeking a professional with a strong commitment to continuity and quality of care, as well as an interest in contributing to the growth and improvement of our medical services. Your enthusiasm for the field, combined with your ability to adapt to a dynamic healthcare environment will be essential in supporting our mission to deliver exceptional and high-quality patient-centered care.

What We Offer:

At SMMC, we offer you the opportunity to work in a dynamic, fast-paced environment with many opportunities for personal and professional development. You'll join a collaborative and dedicated team of three gynecologists and three (clinical) midwives, providing a full spectrum of obstetric and gynecological care. Our Obstetrics/Gynecology department features 18 beds and handles an average of 450 deliveries per year.

Requirements:

- A medical degree (MD or DO) from an accredited institution and a valid medical license to practice;
- Completion of a residency and board certification in gynecology;
- Patient-centered with an excellent bedside manner;
- Flexible and adaptable, capable of managing multiple responsibilities effectively;
- Excellent interpersonal and communication skills, with the ability to work in a diverse and multicultural environment;
- High level of integrity and reliability, ensuring professionalism in all aspects of patient care;
- Working proficiency in English; knowledge of an additional language is a plus.

Tasks:

- Provide a full spectrum of gynecological care including the development and implementation of individualized and tailored treatment plans based on patient needs and clinical guidelines;
- Collaborate with a multidisciplinary team to ensure seamless patient care;
- Maintain high medical standards and contribute to ongoing improvements in service delivery;
- Engage in the daily operations of the department and support future developments within the organization.
